

2023 Gypsy (Spongy) Moth Suppression
Shut-Off Request Form

Property owners or residents of Deep River Township who own parcels within the designated spray zone, may exclude their property from treatment. If you prefer that their property **NOT** be treated for Gypsy (Spongy) Moth larvae please complete the below form and submit it immediately to Aquatic Consulting Services LLC **or** Deep River Township. These notifications will be forwarded to Hamilton Helicopters, Inc. so that they can create a buffer zone and exclude your property from being treated.

NOTICE:

If you are electing to have your property excluded, please understand that "opting-out" will remove your property from treatment but it will not exclude you from your levied obligation to the approved millage amount.

We, the following, **DO NOT** want our property treated for Gypsy (Spongy) Moth larvae.
